Take.Off Smart

14.1" - 15.4"

Stylish toploader for Notebooks and more

The stylish toploader case "Take.Off Smart" unites design and functionality to perfection. The generously sized main compartment offers excellent protection for Notebooks up to 15.4" with its HDF padding and features plenty of storage room for further documents. The integrated scratch protection on the zipper makes for quick insertion and removal of the computer, without damaging it. The integrated workstation with its detachable keychain tidies up pens, business cards and other items. Additional mobile equipment can easily be stashed in the zippered cover flap. A special feature on this case means the comfortable carry handles can be fully " submerged", allowing Take-Off to be transported under the arm, just like a folio! Additional feature: the case holds a removable mesh pocket for bottles or umbrellas. The separate zipper pocket on the rear can be used as a document pouch or as a "trolley belt". The adjustable carry strap with its comfortable shoulder pad completes the wide range of carrying options.

The stylish Take.Off Smart is available in black or dark brown!
